

Pupil Premium Summary

2016-17 Actual Spend and 2017-18 Planned Spend

The Pupil Premium is additional funding provided by the Department for Education to schools to support specific groups of children who are vulnerable to possible underachievement. These include pupils who are entitled to free school meals (any time in the last 6 years), those looked after by the local authority and the children of armed service personnel.

All schools are required to report on the amount of funding they will receive in 2017-2018 and details of how it is intended that the allocation will be spent. Schools are also required to report on details of how the previous academic year's allocation (2016-2017) was spent, and the effect of this expenditure on the educational attainment of those pupils at the school in respect of who grant funding was allocated.

In the financial year 2016/2017 we received the following pupil premium funding: £245,520 for 60% of the school population. We are required to account for these funds which are specifically targeted at narrowing the gap between children entitled to Free School Meals and Looked after children.
