

Sport Premium Funding 2016/17

In the last year we received £9,230 sports funding.

This is what we spent it on:

- 1) Sedgefield Sports Partnership enhanced SLA: £4000
- 2) Sedgefield Sports Partnership competition SLA: £1650
- 3) FOL Dance coaching: £1170
- 4) FOL Football coaching: £1950

(The above adds up to £8770 which leaves £460)

- 5) New equipment

This is what was provided through these packages:

- 1) Sedgefield Sports Partnership enhanced SLA

*30 hours of coaching support – we had coaches from the SSP delivering lessons in gymnastics, dance and athletics. Each coach did 5 weeks with four different teachers/classes allowing a wide range of teachers to learn from the coaches and develop their skills in a variety of areas. All teachers felt more confident in delivering the types of lessons that they assisted the coaches with and gained new ideas/techniques for delivering the sessions in future years – improving the subject knowledge of teacher and the standard of PE teaching overall.

*Access to a range of CPD – Teachers have taken advantage of attending a range of courses such as ‘How to raise attainment in numeracy through the use of physical activity,’ teaching dance and gymnastics and subject leaders courses/meetings that keep us up to date with information regarding school sport. Teaching standards in PE increased through attending these courses/meetings.

*Access to a gifted and talented programme for children identified as being gifted and talented in PE. Four of our year 6 children (two girls and two boys) attended a two day programme where they took part in a range of workshops including sports psychology, nutrition, sport science and they got to try out a range of different sports such as gymnastics (with apparatus) taekwondo and conditioning. Children were pushed both physically and mentally and got to experience things at a very high standard (surrounded by other gifted children) that they wouldn’t be able to in their usual PE lessons – an excellent opportunity for gifted children

2) Sedgefield Sports Partnership competition SLA

*A competition calendar that offers a wide range of sporting events both competitive and fun to children in all year groups. We attend as many competitions and festivals as we physically can to give our children as many opportunities as possible. Every child represented our school in an event this year.

*Two 6 week after school gymnastics clubs ran by professional coaches – both KS1 and KS2 children had the opportunity to attend an after school gymnastics club this year. Children's skills improved greatly helping the KS1 team to 2nd place in the Key Steps Gymnastics competition and many KS2 children passed a gymnastics grade.

*Taster sessions in Judo (all children) and Basketball (Year 6) to provide children with a taste of clubs and sports that are available to them in their local area. Some children joined the clubs after their taster sessions.

3) FOL Dance coaching

*A coach from the Foundation of Light delivered 2 hours of curriculum time KS1 dance coaching and an after school KS1 dance club for 2 terms. Children thoroughly enjoyed the sessions and staff learnt a lot from observing and joining in with the coaches. All KS1 teachers now feel more confident in the delivery of dance sessions - improving the standard of PE teaching overall.

4) FOL football coaching

*A coach from the Foundation of Light delivered 2 hours of curriculum time KS2 football coaching and 1 hour after school for most of the year. Children from all year groups had the opportunity to attend the sessions in either curriculum time or in the after school club. Children's football skills improved during the sessions and staff learnt a lot from observing and joining in with the coaches. Teachers now feel more confident in the delivery of basic football skills - improving the standard of PE teaching overall.

5) New equipment

*Any money that was left over after paying for the SLAs and coaching was spent on new equipment for PE lessons, break times and after school clubs such as: netball bibs, different coloured bibs (for football coaching) basketballs, footballs, ball pumps, spots, various size balls (for KS1) and bean bags.
